Israel's Resumption of Bombings in Gaza

The resumption of Israeli airstrikes in Gaza has resulted in one of the deadliest days since November 7, 2023. According to Gaza's Health Ministry, over 400 people have been killed and hundreds more wounded. The ceasefire has collapsed, and Gaza is once again under relentless bombardment.

"Civilians continue to bear the brunt of this violence, with the humanitarian crisis deepening. Emgage Action calls for an immediate reinstatement of the ceasefire to prevent further loss of life and ensure the urgent delivery of humanitarian aid. The international community must act swiftly to stop the escalation and work toward a just and lasting resolution," stated Wa'el Alzayat, CEO of Emgage Action.
